Meridian Public School District Athletic Department COVID-19 Response Plan

If a student-athlete, coach or sponsor or Athletic Director should test positive for COVID-19:

- The coach or sponsor will immediately notify the athletic director and provide the name of the person and a copy of their daily check-in roster with a temperature check.
- The coach or sponsor will then begin contact tracing to the best of their ability within their team or squad.
- All team members that may have been possibly exposed, parents will be notified by the head coach or head sponsor and required to be tested as soon as possible.
- All coaches and sponsors that were possibly exposed will also be required to be tested immediately.
- That particular sport or activity will be shut down from 3-5 days depending on the result of an investigation by the Athletic Office and coaching staff.
- All participants that were not required to be tested may resume after the 3-5 days.
- Any participant that was required to test may not return sooner than the 3-5 days and will only be allowed to return if they can provide a negative test result.
- If a second player or participant should test positive during this 3-5-day period, then that entire sport or activity will be shut down for 14 days.
